

Science

Living things and their Habitats-

Children will describe how living things are classified into broad groups according to common observable characteristics and based on similarities and differences, including micro-organisms, plants and animals.

Children will give reasons for classifying plants and animals based on specific characteristics.

Computing

Data and information – Flat-file databases.

PSHE

- Relationship cake recipe
- Our emotional needs
- Being assertive
- Assertiveness skills
- Don't force me
- Acting appropriately

Eagles Class- Autumn 1

'Indus Valley Civilisation'

DT

In our DT project this term, children will be researching diabetes and the importance of less sugar in their diet. Children will then create a savoury tea party/menu that is suitable for diabetic consumption.

Religious

Come and See

Ourselves- In this unit the children will be learning about their own and other people's ideas about questions of talents and qualities.

Vocation and Commitment- In this unit the children will show how feelings and beliefs affect behaviour in relation to commitment. Children will be able to give reasons why Christians fulfil their baptismal promises by answering God's call through their chosen vocation

Other Religions- Judaism

History

In this unit children will be introduced to the Indus Valley Civilisation and understand the historical context in which the Indus Valley Civilisation thrived. Children will be studying the Rich Tapestry of Indus Valley, Cultural Discoveries and Artistic Marvels of the Indus Valley

Music

South and West Africa
