

Science

Year 6 Evolution and Inheritance-

Children will recognise that living things have changed over time and that fossils provide information about living things that inhabited the Earth millions of years ago.

They will recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents. Children will identify how animals and plants are adapted to suit their environment in different ways and that adaptation may lead to evolution.

Year 5-Forces

Children will be learning about gravity, friction, air resistance and mechanisms in this unit. Children will take part in a scaffolded investigation and then lead to more independent investigation further on in the year.

Geography

Contrasting region in a European Country

In this unit children will be studying Germanies significant human and physical features, location and place, environmental regions, geographical similarities, and differences compared to a region of the UK

Computing

Creating media – introduction to vector graphics
