

Science

Y6- Electricity

Children will give reasons for variations in how components function, including the brightness of bulbs, the loudness of buzzers and the on/off position of switches using recognised symbols.

Y5- Living things and their Habitats

Children will describe the differences in the life cycles of a mammal, an amphibian, an insect and a bird. They will describe the life process of reproduction in some plants and animals.

MFL

Birthday Celebration

Art

Alaskan Adventures. Create landscape weaving through textiles.

Geography

North America

Children will find out about a US state and explain what it would be like to live there. They will describe the volcanic eruptions at Mount St Helens and the impact they have had on the surrounding area. Children will outline the main physical features of the Rocky Mountains and how people use them.

Summer 2- Eagles (Class 5)

Computing

Children will be introduced to spreadsheets. They will be organising data into columns and rows to create their own data set, formatting data to support calculations and calculating data. Children will apply formulas that include a range of cells and apply formulas to multiple cells by duplicating them. Children will use spreadsheets to plan an event and answer questions.

Music

Composing and performing a leavers song

Religious

Come and See

Transformation - Continued
